positions can be posted on your job board. Please note that we do not have application deadlines as our roles are posted until filled.

**Important:**

\*Interns will be working from their current Canadian residential address pursuant to the terms and conditions of the IBM Temporary Work at Home Agreement which will accompany the e-offer. Based on the status of the COVID-19 pandemic, interns may be required to work from their permanent work location, as advised by the Manager during the course of the work term.

**Application Deadlines:** As jobs are filled, they will come off the IBM website, so do not postpone applying.

This company has co-op jobs available. Job opportunities may change over time, please bookmark and revisit the company website throughout the recruitment period if you are interested in opportunities with this organization. Be aware that jobs posted on this website will be treated as self-found jobs and will require approval by the Co-op office upon securing a position.

**To Apply on Employer website, go to: Visit:** <https://careers.ibm.com>

or

At IBM, work is more than a job - it's a calling: To build. To design. To code. To consult. To think along with clients and sell. To make markets. To invent. To collaborate. Not just to do something better, but to attempt things you've never thought possible.

Imagine what you can do and experience. This is where you can do your best work.

Before you apply, let's connect. Please join our community so you can receive relevant career information.

**INFORMATION SESSION:**

Interested in launching your career with IBM? Register today for a **Discover IBM** event, to learn about our offerings for current students and network with IBMers.

We are looking for the one-of-a-kind, to not just think outside the box, but reinvent it. At IBM, you will work alongside a global community of 6,000+ interns in a workplace that champions inclusion and a culture of giving back. IBM's internship programs are an opportunity to learn from the best and develop skills that will make you stand out in today's rapidly-evolving market.

If you're ready to learn about how to do what you love and have a great time doing it, join us at our **Discover IBM** event and get the opportunity to network with true experts in both the technical (software development, data science) and non-technical space (finance, consulting, sales). There will also be a panel where you get to hear directly from interns and alumni on their experience, AND play a game!

**Programming will be identical across both dates; register today for 1 of the following 2 dates:**

- Thursday, January 27th | 3:00 PM - 4:30 PM EST | <https://ibm.biz/DiscoverIBMDr>
- Friday, January 28th | 12:00 PM - 1:30 PM EST | <https://ibm.biz/DiscoverIBMDay>
